

INN AT THE PROM

Pet Policy

We understand how important our four-legged friends can be and how much they enjoy the beach. It is our goal to provide you with a wonderful and safe visit with your loving companions. For the comfort and safety of all guests and dogs, we kindly ask that all dog owners act responsibly with their pets.

Because of allergy reasons, *no cats please*.

Indoors:

- **Please do not leave dogs unattended in your room, on the property or in your vehicle.**
- If your dog has an unfortunate accident in the room please let the front desk know immediately so we can assist in cleaning it properly.

Outdoors:

- Your dog must be on a leash at all times.
- Please use the doggy bags provided in the pet package.
 - **Please keep your dog out of the flowers and shrubbery.** Our landscapers work hard to keep them pretty.
- Please do not bathe your dog in the bathtub/jetted tub/shower. Please use the hose near the main entrance.

Please do **NOT** leave animals alone in your vehicles.

General:

- All dogs staying with us should have all current vaccinations.
- Many areas do not, but here at the beach we have sand fleas. To help protect our 4 legged friends we recommend you treat them with a systemic flea treatment about 2 weeks prior to your visit.
- The Inn at the Prom allows a maximum of two dogs per room.

Fees: \$25.00 per night, per dog. Guests are responsible for any and all injuries and/or property damage related to their dog(s). Guest agrees to indemnify and hold harmless the Inn at the Prom's property, its operators, and owners from all liability and/or damage suffered as a result of their dog(s)

****If your dog disturbs other guests during their stay you can be held responsible to pay for their lodging****
